

I just learnt from the media that Dr. Moon Senior has passed on. If I remember well this is the father of Dr. Moon of Global Peace – our Friend.

I would, therefore, wish to take this opportunity to send my message of condolences to Dr. Moon, His Family, Colleagues and friends for the loss of Mzee [Swahili for respected older man] Moon who has over the years been a pillar and inspiration to the family and numerous initiatives he has set up around the world. I pray that the Almighty God gives them strength during this moment of profound loss and sorrow. May the Lord rest Mzee Moon in Eternal Peace, Amen.

With kind regards,

Oscar
