

Dear Dr Moon & Mrs Jun Sook

We are very sorry
to have received the sad news
of the passing away
of your father
REV SUN MYUNG MOON

Please accept our heartfelt condolences
to you and the family
on his
passing away

We know your father was your role model
What you are doing is what he
Wanted you to do
On top of that you have added flair
And made it acceptable to many more

Yes, it is a loss
But at 92, it is a celebration for the family
Of a life well lived
A life that touched a lot of people
By his work
He has made the world a better place to live in

Please take it philosophically
He has embarked on the path
we must all travel one day
May God grant you
all the strength
to bear the loss
and
we pray that the pain of your bereavement
will become bearable in time

Take comfort from your good memories of him
Throughout your life

Please know
you are all in our thoughts
and
prayers during this sad
and
difficult time
