Dr. Hyun Jin Moon

Dear Dr. Hyun Jin Moon,

Life, in all its aspects, presents many surprises, the fruit of God's purposes.

But we must always be prepared morally and spiritually to face them and overcome them.

Aware of medical difficulties in which your father, Reverend Sun Myung Moon is, I send our sincere and profound prayers for his speedy recovery.

The mission of his beloved father is a corollary of kindness and unshakeable faith and respectful to all who admire him as a spiritual leader for his hard work by the providence of God and world peace, dedicated throughout his life.

I sincerely hope his speedy recovery and that familiar' ties of family Moon become even stronger and indissoluble.
